

# Welcome Back Celebration!

Monday, August 10, 2020

We have to do things a little different this year. Instead of gathering as a large group in the gym, we have a video of important information regarding COVID, drop/off pick up logistics, teacher introductions, and general housekeeping items. You can find this in your email, on our website and private Facebook page.

You can also view our COVID 19 Guidelines and Student Handbooks at [www.bcsbobcats.org](http://www.bcsbobcats.org). During your classroom visits Monday evening, you will be asked to sign a form stating you have received and agree to these.

Below is the breakdown of times for your family to visit the school, and the entrance and exit plan for the evening. Please note that if you have children in multiple grades, you may select any of the time slots offered to come and meet the teachers.
